DAN Department of Management & Organizational Studies

Associate/Assistant Professor in Accounting

The DAN Department of Management & Organizational Studies invites applications from early or mid-career researchers for a faculty appointment in Accounting. The successful candidate will have demonstrated academic excellence based on productivity and impact in research in the area of accounting, or a big data approach to management information systems with a relevance to accounting. The successful candidate will receive a probationary (tenure-track) appointment at the rank of Assistant or Associate Professor or a tenured appointment at the rank of Associate Professor. The rank will be commensurate with the successful applicant's qualifications and experience in teaching and research. Rank and salary will be commensurate with the successful applicant's qualifications and experience. The appointment is expected to be effective July 1, 2021 or as soon as possible therefore.

DAN Management & Organizational Studies has an interdisciplinary ethos and aims to make a real difference in improving lives and providing a new generation of business leaders. DAN is highly academically selective, attracting the very best students from across Canada and around the world. Further information may be found on our website: <http://www.dan.uwo.ca>. Candidates must possess a PhD in Accounting, Management Information Systems or a cognate discipline, and present research interests that should align with the broad study of accounting or a big data approach to management information systems with a relevance to accounting. For more information on the specific research topics currently addressed by DAN Management faculty, please see our website.

Candidates considered for a Probationary (tenure-track) appointment must have a demonstrated academic record, publications in higher quality journals, and evidence of excellent teaching ability. Candidates considered for an appointment with Tenure must have an outstanding academic record of academic publications and significant teaching experience. The successful candidate will be expected to maintain a strong research program including publishing in leading journals accounting or big data, successfully
